

# Panel Glide Blinds

When both Quality & price matters- Just Flooring

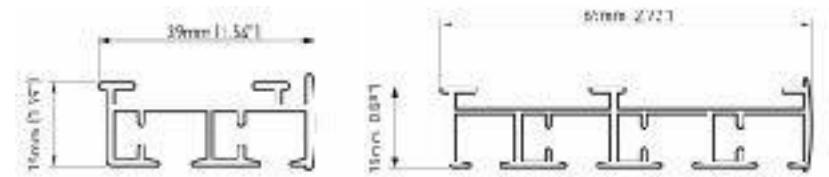

## WHAT MAKES OUR PANEL GLIDE BLINDS SO GOOD?

- Powder coated fixing brackets in durable spring steel compound.
- Two, three, four & five fabric panel attachment tracks.
- Ability to achieve centre or one way opening.
- Choice of cord or wand operation
- Aluminium panel bar with spline fabric attachment
- Attractive PVC panel bar extrusion with touch tape

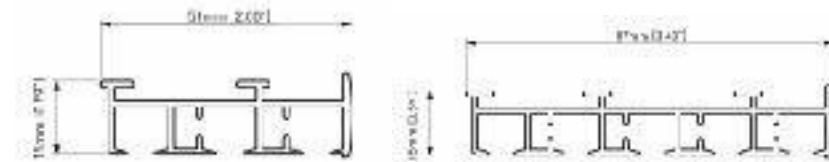

### Acmeda Panel Glides

The Acmeda panel glide track brings style and functionality to panels, by providing both traditional hook and look bars, or the more contemporary aluminium bars for fast seamless appearance. Offering both cord and wand operation, top/reveal and face/outside mounting options in a wide range of colours. Blinds can be made with four control options including left bunch, right bunch, centre bunch or centre opening. Wand control is the most popular in Perth.
